2011

- Post 9/11 Veterans Education Improvement Act of 2010 - Signed into law on January 4th, this legislation expands GI Bill benefits to over 84,000 members of the National Guard. This will allow, for the first time, soldiers and airmen who have served under Title 32 full GI Bill educational benefits.
- National Guard & Reserve Equipment Account (NGREA) \$700 million - FY-11 NDAA authorizes \$700 million in NGREA to provide equipment for Title 32 and Title 10 operations.
- Military Construction \$1.068 Billion - ARNG facilities will receive \$873 million and ANG to receive \$194 million in military construction funds. While this is represents an adequate funding level, the out years are below the needs to improve and maintain over 3,000 readiness centers, of which 40% are over 50 years old. The NDAA mandates that the Secretary of the Army report back to Congress on the present condition of readiness centers and the funding required to properly maintain the Guard's facility infrastructure.
- Banned transfer of Guard & Reserve C-130s to active units - The NDAA halted Air Force attempt to take C-130s from both Guard and Reserve units across the country and place designated aircraft with an active-component unit. The Secretary of the Air Force must now submit to Congress a written agreement between all involved parties that details any plan to transfer aircraft from one component

- to another.
- Access to the Operational Reserve - Also included in the NDAA report language is the opinion of the Committee that current legal authorities may not offer the flexibility for the effective use of the operational reserve and recommends that the Secretary of Defense review current authorities and submit legislative proposals for additional authority needed to facilitate involuntary activation of reserve component members or units to support operational requirements.
- Temporarily hiring non-dual status technicians - This represents a partial victory, as the ARNG will be given the authority to hire only for two years 1,600 non-dual status technicians to make up for permanent technicians who are on Title 10 orders. This is in contrast to the President's budget request of 2,520 non-dual status technicians.
- Limited the percentage increase in TRICARE Prime enrollment fees in future years to no more than the percentage growth in military retired pay
- Extended the time limit for TRICARE claims outside the United States (up to three years after the services have been provided)
- Enhanced mental health services/programs for military members
- Authorize a 1.6% military pay raise
- Require a DoD report on the cost of expiring the Homeowner Assistance Program to help more service members who are "upside - down" on their mortgages
- Enhance authority to call up the Reserves for certain missions
- Authorize early retirement & voluntary separation incentives to reduce the need for involuntary separations during the coming force reductions
- Bar denial of reenlistment based on a medical condition that a medical board has evaluated & deemed as not disqualifying for continued duty
- Establish the Chief of the National Guard Bureau as a member of the Joint Chiefs of Staff
- Provide \$45M in assistance for civilian schools in which military dependents are enrolled
- Enhance the Yellow Ribbon Reintegration Program for wounded warriors & their families
- Safeguard reemployment rights for Guard members ordered to full - time duty under state orders
- Authorize a death gratuity & related benefits for Reserves who die during an authorized stay at their residence during or between successive days of inactive duty training
- Require GAO to review effectiveness of programs aimed at promoting spouse employment
- Require GAO to review effects of extending space - available travel eligibility to certain survivors & gray area reserve retirees
- Vow to Hire Heroes Act of 2011 which directs VA, DOD, and DOL to jointly improve transition and training programs for separating members and veterans
